Requirements:

You must be current with NAVAC dues (include e-mail from Certification Chair)

1. Be a NAVAC Board Certified Chaplain. (Include a copy of BCC)
2. Provide a supporting letter from your Chaplain Service Chief or Mental Health Supervisor to verify all the following:
 - a. Completion of three consecutive years of devoting at least 50% of one's time in mental health
 - b. Completion of at least 50 mental health-related spiritual assessments.
 - c. Active participation in a mental health treatment team for three consecutive years as a staff chaplain.
 - d. Conducting not less than one class or group a month on mental health and spirituality.
3. Education: Completion of one of these options: (Include documentation)
 - a. Graduate of the Chaplain Advanced Education (CAVE) Course, Mental Health track.
 - b. Graduate of the Mental Health Integration for Chaplain Services (MHICS) program.

- c. Licensed Professional Counselor (LPC) credentialing.
- d. Licensed Marriage and Family Therapist (LMFT) credentialing.
- 4. Practicum: After completing the educational requirements, active involvement on a VA Clinical mental health treatment team.
- 5. Supporting documentation:
 - a. Recommendation letter from a “sponsor” (can be a mental health provider or chaplain; should verify that clinical experience requirements have been met, with attached competency checklist below)
 - b. Two recommendation letters from interdisciplinary mental health care team members (only one can be a chaplain colleague who served on-site with the applicant; one or both must be by other disciplines).
 - c. Checklist with 20 colleague-observed competencies, completed and signed by the sponsor based on daily interactions with applicant.
 - d. Submission of a 7-page or less double-spaced essay which includes:
 - 1. Professional progression from board certified chaplain (BCC) to mental health care chaplain specialty applicant. “Professional progression” means demonstrating an understanding and use of evidence-based approaches to care (e.g. Acceptance Commitment Therapy, Motivational Interviewing, Problem Solving Therapy), bi-directional referrals, spiritual assessment, documentation relevant to mental health professionals, and professional collaboration within a mental health context.
 - 2. Short description of the applicant’s current practice of chaplaincy care in mental health context.
 - 3. A de-identified example of caring for a patient with mental health symptoms, which demonstrates:
 - a. Comprehensive spiritual assessment and plan of care.
 - b. Integration of chaplaincy care to enhance mental health care in providing holistic service to the patient.
 - c. Integrative team approach to the care of the patient.
 - d. Utilization of evidence-based or research-informed approaches to chaplaincy care.
 - 4. Suggestions for a quality improvement process that could enhance chaplaincy care in the applicant’s mental health setting.
 - e. Presentation and accompanying script of no more than 20 slides, created by the applicant in collaboration with a mental health provider to educate one's medical or broader community of how spiritual care may synergize mental health care.
